Description

The objective of this game is to score 5 goals before the other team scores 5 goals. To set up the game line up players along the blue line as shown in the diagram. Place 5 pucks in front of the players as well. On the whistle, the first player from each team carries a puck around the net and attacks the other net. If the player scores then the next player from their team can go right away. If they miss, then the player must retrieve the puck and pass it to the next player in line. Each player must go around their own net before attacking the other team's net. The first team to get all five of their pucks in the net wins.
